VIVA Branches network reached a total of 70 across Kuwait.

First to introduce the **LTE Advanced**

Vision and Values

Energetic

Our passion is performance, innovation, and delivering of superior quality. We are efficient, reliable, and highly responsive to our clients' needs.

Transparent

We are open, trustworthy and collaborative.

Our Values

Engaging

All of our activities revolve around our customers.

Fulfilling

We offer a wide range of easy to understand products. Our actions create value, helping our customers lead more rewarding and enjoyable lives

Our vision is to provide unique services and products that satisfy the aspirations of our clients and accommodate their needs, which in turn will earn us their trust. This is through presenting our customers with numerous telecommunications opportunities with the goal of boosting our relationships with them and giving them the best experience around the clock.

Our vision is embodied in a fundamental and detailed understanding of the Kuwait market and focusing on the needs of customers in everything we say and do.

We have pledged to work to enrich the lives of our customers through telecommunications, entertainment and information, and data transfer services.

Shareholders' Structure

Saudi Telecom

52%

- STC, the leading regional telecom operator, won the bid for third mobile license in November 2007, and paid USD 980 million for the license.
- STC has a management agreement with VIVA.
- STC increased its ownership percentage from 26% to 51.8% through a VTO at the beginning of 2016.
- Currently, 4 out of 7 board members are representative of STC group.

Kuwaiti Government

24%

- The Kuwaiti government holds 24% of VIVA through different governmental entities.
- Currently 2 out of 7 board members are representing the Kuwaiti government bodies.

Public Shareholders

24%

- Public Share holders consists of companies, portfolios, funds and individuals.
- The public shareholders are mix between local, regional and international investors.
- Independent Board member elected during the AGM on 16th of May 2016.

Population & Penetration

Kuwait population since 2010 is growing at the same level of 2.8% yearly and the growth is forecasted by IMF at 2.8% over the next 5 years compared to almost 1% for the global population growth. This growth coupled with rising income levels will propel growth in consumer spending.

Kuwait boasts the highest telecom penetration levels in the MENA region, which stood at the end of 2014 at 218% as reported by (ITU-D) and 217% at the end of 2015, and expected to remain at same levels during 2016.

Source of Penetration rate till 2014: ITU

Competitive Strengths

STC (the largest telecom company in the region) will continue to be a major shareholder and VIVA will continue to benefit from being a member of the STC group.

Through this relationship, VIVA has access to technical support, industry best practice for provision of telecom services, as well as stronger purchasing power benefiting from joint procurement and coordination of regional initiatives.

VIVA has an extensive, well-developed and increasingly sophisticated direct and indirect distribution network covering all parts of Kuwait. VIVA Inaugurates Seven New Branches to its network amounting to a total of 70 branches across Kuwait

VIVA benefits from having a modern and efficient network that is adaptable to emerging technologies. The Network backbone is modern and has been designed to facilitate scalability of new operations and the future deployment of emerging technology.

VIVA follows a customer-centric strategy, which entails focusing on the communication needs of customers and providing differentiated service. This strategy positions VIVA as the only telecom provider in Kuwait that targets enhancing customer experience.

VIVA has a proven track record of successfully providing high-quality product and services to its customers.

VIVA has grown rapidly since it commenced operations in December 2008 acquiring 2.4 million customers by the end of Mar 2016, which represents a market share of 31%.

Since its launch in 2008, VIVA has built a valuable brand associated with excellence.

VIVA is perceived as the “challenger” bringing healthy competition to the Kuwait telecom market. VIVA’s entry prompted the incumbent players to make several tariff changes, focus on subscriber retention and introduce new services, thereby benefiting the consumer.
